PROFILE

Over 2 years of hands-on experience in discovering and exploiting security vulnerabilities across network, web, and mobile applications. Proficient in OWASP Top 10, advanced penetration testing methodologies, and automation through custom scripting. Achieved recognition in 5+ Hall of Fame acknowledgments, including Nokia, DaimlerTruck, and others, for identifying and reporting critical security flaws. Possess a robust background in ethical hacking, security research, and vulnerability assessment.

PROFESSIONAL EXPERIENCE

Bug Hunter

01/2024 – present | Egypt, Cairo

Applied advanced penetration testing techniques to identify, report, and assist in remediating over 20 security vulnerabilities in web and mobile applications, enhancing their overall security posture.

Vulnerability Analyst & Penetration Testing Intern @Digital Egypt Pioneers Institute

Student

05/2024 – 11/2024 | Cairo, Egypt

Gained practical experience in network, Active Directory, and web penetration testing. Performed comprehensive vulnerability assessments and provided strategic recommendations to strengthen security defenses.

Application Penetration Testing Intern @WE INNOVATE

08/2024 – 09/2024 | Egypt, Cairo

Conducted thorough penetration testing on web and mobile applications, identifying vulnerabilities and collaborating with development teams to enhance application security.

PUBLICATIONS

Authored various reports detailing penetration testing scenarios and successfully solving numerous challenges:
